W. R. BRADFIELD IS STATE CHAMPION SHOE PITCHER

Long Beach Man Takes Title in Tourney; B. Crick Gets Second, G. Hoyt Third

W. R. Bradfield of Long Beach won the state championship in the horseshoe tournament held on the high school athletic grounds here November 25 and 26, Mr. Bradfield winning fifteen straight games, scoring 750 points, 328 ringers and 61 double ringers.

Billy Crick of Newark won second place with a score of 749 points, 295 ringers and 49 double ringers.

Gilman Hoyt of Long Beach scored third with 711 points, 311 ringers and 41 double ringers.

H. L. Smith of Pasadena won fourth honors with 699 points, 284 ringers and 34 double ringers.

Gilman Hoyt, the 19-year-old player from Long Beach, proved a favorite throughout the whole tournament and in the final game, played to decide the tie between him and H. L. Smith, the young player was given much applause when he defeated his opponent by the score of 50 to 30.

Another Young Player

Billy Crick, winner of second place, was another young player who was a favorite with the spectators throughout the tournament. Mr. Crick came to Newark recently from the middle west, where last year he gave the national champion, Frank Jackson, of Kellerton, Iowa, a close run, the champion winning by only four points.

W. R. Bradfield, winner of first prize, played a consistent game throughout the tournament, not being defeated in a single game.

H. L. Smith, who gave Hoyt a hard game in the finals, played well during the whole series, his shoes being placed with remarkable accuracy.

The first state tournament, which closed at a late hour Saturday afternoon, was a success beyond the expectations of all those who had charge of it, and the attendance during both days and the ages of the entries, ranging from 19 to 77 years, proved that the game has a fascination for all ages. The youngest player was Gilman Hoyt, aged 19 years, while the oldest player entered in the series was J. H. Young of Long Beach, aged 77 years.

Interest Is Very Keen

The interest was maintained until the final announcement of the winners by Secretary George E. Krinball, the attendance both days being above expectations.

Arrangements for the next tournament at Long Beach next year are al-

Charles J. Letts Given Appointment as District Agent

Charles J. Letts of 109 West Lomita avenue is in receipt of a letter from the St. Louis headquarters of the St. Louis-San Fancisco railway, informing him of his appointment as district freight agent of the organization, with offices at 604 Pacific Electric building, Los Angeles. The railway company, which is better known to the public as the "Frisco Lines," has not conducted a headquarters in Southern California for the last four years, it having discontinued its Los Angeles offices at the beginning of the war. Mr. Letts' appointment will take effect immediately.

The new district freight agent has been a resident of this city for the past twelve years, during which time he has cultivated a wide acquaintance with business men of this and other cities in Southern California. He was formerly secretary of the Glendale Elks lodge, having resigned that position a year ago to accept the traveling freight agency for the above mentioned firm.

Permit Necessary to Pick Holly, Is Warning to Public

Hundreds of Glendale motorists have made trips to the mountains during the holiday season on holly picking excursions. Stuart J. Flintham, county forest ranger, with offices in the court house, Los Angeles, has a large force of deputies on duty ready to arrest those who do not comply with stringent regulations.

It is necessary to have a written permit from the person on whose property you are picking the holly, or a "free use permit" if the holly is found on the public domain. Short stems of berried branches may then be taken, but anyone found uprooting this delicate plant will be liable to severe penalty under the state law.

DOROTHY COTTON OFFICIAL

Miss Dorothy Cotton of 1137 San Rafael street, has been elected Secretary of the Girls' Athletic association at the high school. Class teams are now being organized for volleyball, and some lively skirmishes are anticipated during the coming games of the inter-class schedule.

PROSPERITY!

SAN FRANCISCO, Cal., Nov. 28.—Following are the high spots of the monthly report by John Perrin, Federal Reserve Agent, to the Federal Reserve board on agricultural and business conditions in the twelfth district, comprising the seven far western states.

Greater activity is apparent in the field of industry.

Building activity during October passed all records both in number and value of building permits issued.

Easier credit conditions which became apparent in September continued in greater degree during October.

Lumber mills booked the largest amount of orders in October reported since March, 1920.

Lead mines of Utah and Idaho, which furnish 50 per cent of the output of the United States, are operating at full capacity.

Increased activity in industrial centers during the month provided sufficient additional employment to offset the decline in agricultural districts with the completion of harvest.

Bank clearings of 20 principal cities were only 14.1 per cent less than October, 1920, the highest month recorded in the district, and indicate that the physical volume of trade is greater than it was a year ago because of the decline in prices.

Petroleum production has risen rapidly following settlement of the oil workers' strike.

Strip of Property May Be Voted Into Glendale Tomorrow

Annexation to this city of the strip of county territory lying between Glendale and Burbank comes before the registered voters of that district tomorrow.

If you have friends who reside in that pleasant, rolling, hillside involved in a warm annexation battle, it is advisable that you urge them to vote to become citizens of Glendale.

For it is assured that if this property does not come into the "fastest growing American city of its class," it will be tied to Burbank or swallowed by Los Angeles.

According to real estate owners and others, who are financially interested in the section there is no question but what Glendale offers the greatest inducements.

Property values inside of Glendale are worth more than those to the northwest because of the many advantages offered by this city in the way of schools, municipal ownership of public utilities, etc.

Burbank makes similar claims, but the voters in the district have repeatedly refused to become a part of that municipality which would indicate that Glendale should adopt the territory.

Relatives Meet in O. H. Jones Home at Large Dinner Party

Mr. and Mrs. O. H. Jones of 330 North Cedar street served a typical New England Thanksgiving dinner Thursday to a number of relatives. Covers were laid for fifteen diners, all of whom were fully equipped for the "work" that was before them, the chief interest of which was a 15-pound turkey, fortified with all the accessories that go to make up an old-fashioned New England Thanksgiving dinner prepared by New England people. According to those present, when the dinner was finished the world war did not have anything on the "ruins" surrounding the turkey and its allies.

Those present included Mr. and Mrs. Herbert C. Jones of Highland Park, Mr. and Mrs. L. W. Jones and daughter, Lulu Jones, Ernest Jones, Mr. and Mrs. Del Jones, Mr. and Mrs. Al Jones and others from Long Beach, Mr. and Mrs. O. H. Jones, the host and hostess.

There were three generations of the Jones family present. A similar occasion held forty-five years ago at Rochelle, Ill., was attended by six of those present Thanksgiving day.

Big Crowd Attends Charity Ball Given by Lodge of Elks

The number present at the annual Elks' Charity Ball, given Saturday night by Glendale lodge, No. 1289, exceeded the highest expectations of those in charge of this social event. It was the largest turnout at any dance since the public opening of the present clubhouse, and necessitated the securing of an additional orchestra, which played in the social hall in the basement. A four-piece orchestra furnished music in the ballroom proper.

During the evening fancy dressed kewpie dolls and boxes of candy were disposed of, which greatly increased the amount of money to be used for the worthy purpose of dispensing Christmas cheer among the needy. Punch and wafers were served throughout the evening. The committee in charge of this very successful charity event consisted of Joe Bellue, chairman; J. H. Hearnshaw, W. B. Kelley, E. P. Hayward, Harry Whaley, Robert Jensen and others.

ARBUCKLE ON STAND TELLS STORY OF FATAL 'PARTY'

SAN FRANCISCO, Nov. 28.—Roscoe ("Fatty") Arbuckle broke a three months' enforced silence today and told for the first time on the witness stand the story of what happened in room 1219 of the St. Francis hotel, where the state charges he inflicted injuries that caused the death of Virginia Rappe. His story was a blanket denial of any wrongdoing. His words came like a torrent long dammed up in response to the skillful questions of his chief of counsel, Gavin McNab, who drew out the story in careful sequence. Arbuckle said he found Miss Rappe vomiting on the floor of the bathroom of 1219 and carried her to a bed. He said he ministered to her and that while he went to get a glass of water she fell between the two beds. He again placed her on a bed and then called the other women of the party "to stop her from tearing her clothes." Arbuckle denied that Virginia Rappe had accused him in any way and maintained that all that he had done in any way was to help the unfortunate girl. His direct examination required just thirty minutes.

JAPAN WANTS FORTIFICATIONS IN PACIFIC WRECKED

WASHINGTON, Nov. 28.—From official sources it was learned today that while Japan's naval experts are prepared to insist strongly upon being allowed a 70 per cent navy, instead of a 60 per cent laid down by the Hughes program, they nevertheless are prepared to accept the American figures upon a condition. This condition is that all fortifications in the Pacific be dismantled. The Japanese experts have not yet signified their willingness to give up the 10-10-7 ratio, demanded by the Tokio foreign office, but they are becoming more and more aware of the fact that the American opposition to this increase is unchangeable. And, failing in their efforts to win over American opinion to the increase, the Japanese, upon advices from Tokio, are preparing to make the dismantling of the Pacific fortifications as the price of their acceptance to the inevitable. The three great American bases in the Pacific are at Hawaii, Guam and the Philippines. In the absence of official opinion it is believed the American answer to such a proposal would be an emphatic no. American naval strategists have pointed out that Manila is roughly but a thousand miles from Japan while it is roughly six times that distance from San Francisco. In other words, in the event of trouble between the United States and Japan, a Japanese fleet could reach America's far eastern possession in one-sixth the time that an American ship could reach there.

AGED PEOPLE'S DAY IS OBSERVED BY PRESBYTERIANS

Special Sermon Is Given by Rev. W. E. Edmonds; Fine Floral Decorations

It was Old Folks' day at the Presbyterian church yesterday. The fine floral decorations were placed in memory of one departed mother; the music by the quartet, directed by Mrs. Retts, was specially chosen, and was made peculiarly beautiful by the addition of a harp, played by Mrs. Enona Hopkins. A large number of old people had seats of honor at the front.

The pastor, Rev. W. E. Edmonds, preached from the words found in Zach. 14:7, "It shall come to pass that at evening time it shall be light." An outline follows:

"Probably the reason we take so much satisfaction in observing Old People's day at the fall time is because we think of life as a year—the springtime of youth, summer of maturity, and the fall belongs to the declining years. And also we speak of life as a day—sunrise, with its glorious promise, mid-day with strength for burden bearing, then the time of sunset with its glories. Then those who labor lay down their tools and turn homeward; the wayfarer nears the journey's end; the child drops playthings to go home.

"These things are pictures of our life—youth in joy and buoyancy, maturity full of great work and responsibility. Work then, make your life count! But now we are speaking to those whose work is getting on through—towards sunset. Of such, 'at evening time it shall be light.'

Visualizes Picture

"Behold a beautiful picture—an old man and woman, together fifty years. Watch where they go, into a picture gallery full of memories. The picture is there of their troth plighting; of the dear home, modest and simple; the picture of the first born—oh, that tie from heaven!—the family altar; they look at this picture and let the tears fall, the death-angel's entrance to bear away a child. There seems to be a ladder from earth to Heaven with angels passing up and down, carrying up and away the burdens, and carrying down the blessings.

"Henry Grady, the great southern journalist, once showed a foreign friend the White House, saying, 'That is the home of my nation'; but afterwards he said, 'I was mistaken; the home of my nation is where the family altar is.' Sorry will be the day when the altar light goes out in your home.

"This land can never pay the debt it owes to its mothers. Billy Sunday said, 'It's all right to be kings and such, but the greatest thing is to be a mother.' Those old-fashioned fathers, while faithful in making a living, never forgot that under God they were responsible for making a life. Will there be something of the glory of God shine out of the sons' lives because of the father's life? All honor to the aged fathers who laid the foundations deep and strong for a Christian home, and now find that "at evening time it shall be light."

'Let Anchor Go!'

"An old sea pilot, who had for more than fifty years shone for God, was at the gate of death, and very soon would hear the hallelujah chorus. As he was passing away he brightened and exclaimed, 'I see a light.' 'Is it the Boston light?' 'No.' And then after a while he said, 'It is the light of glory! Let the anchor go!'

"You can bring before me all the wisdom and light of civilization, the light of peace conferences, of the brotherhood of man, and so on; they all pale before the light of the text. O, God, make us reflectors of the Great Light, so men shall see it in us.

"'At evening time it shall be light.'"

Children Should Be Developed Slow, Said

CHICAGO—"Don't tell your child to be a 'little man' or a 'little lady.'

Mrs. Mariette Johnson gave this advice at a meeting for mothers held by the Chicago League of Women Voters.

"We have enough 'little men' and 'little ladies'—I mean spiritually and socially, not physically," she declared. "He's a little boy and she's a little girl, and each is as different from an adult as a green persimmon from a ripe one.

"No mother should be proud of the precocious child, because a child who is overdeveloped in one sense is underdeveloped in another. The hope of the race is in prolonging childhood."

Too many parents, according to Mrs. Johnson, "have their children in college before they're a year old."

Parents have no right to determine what the child is going to be, she said. They should not try to "make" musicians or lawyers or anything else out of children. Their concern, in the opinion of Mrs. Johnson, is with the present, not with the future of the child. The kiddies should be permitted to gradually develop themselves.

STRAINED MUSIC

The organist at Gloucester cathedral declares that the present vogue of wearing hair over the ears is responsible for a lot of poor singing. His opinion is open to criticism, but it is generally admitted that it would be better if some singers wore the hair over their mouths instead.—Eve (London).

Alice Gentle to Give Concert Next Friday Night Under Auspices Glendale Music Club

Here are two views of Alice Gentle, who will give a concert in the Union High school next Friday night, under the auspices of the Glendale Music Club.

Alice Gentle is a noted mezzo-soprano of the Metropolitan, La Scala, Havana and Scotti Grand Opera companies. She comes to Glendale direct from New York city before appearing in Los Angeles or other southern California cities.

The members of the Glendale Music club, of which Mrs. Mattison B. Jones is president, who attended the Cadman recital and other concerts given by that organization at the high school auditorium this year are aware of the treat in store for them Friday night, December 2, at 8:15 o'clock, at which time Alice Gentle, acclaimed mezzo soprano of the Metropolitan, La Scala, Havana and Scotti Grand Opera companies, will appear in concert, coming to Glendale direct from New York City before appearing in Los Angeles and other cities.

Of special significance is the fact that Miss Gentle is enthusiastic over the possibilities of an American opera. One of the aims of the Glendale Music club is to promote American music, composers and artists. In a recent interview with a celebrated music critic of New York City, Miss Gentle expressed her desire to sing in an American opera, as follows:

"I would like to forget these foreign operas just once and sing in a thrilling new American opera. I believe that it will yet come and that we have a composer living now who could produce the opera. But, I do not think there has been sufficient incentive. Too much money is paid for ragtime.

"I'll give them a theme. It must be Main street. America's story is the story of the small town. There is dramatic artistry in the tragedies, heartbreaks and grimness of the small American town, and a religious fervor unknown to medieval Europe, and hot puffs of hatred, beautiful sacrifices and lyrical motifs of great power.

"It's coming," continued Miss Gentle, "the opera of Main street, and as American as apple pie, wheat cakes, corn on the cob, barbecues, Mississippi river steamboats, one night stands and mail order houses, and I want to sing that opera."

The club's membership drive, in charge of Mrs. E. W. Kinney, is progressing nicely. There have been fifteen new members added from Burbank, and there will doubtless be a substantial number from Eagle Rock and nearby communities, as well as many new members from Glendale. The announcement of the Alice Gentle concert has aided materially in securing increased membership. There will be only a limited number of seats for sale in the reserved section for the general public, as it is expected that the club membership will practically fill the high school auditorium, where the concert is to be held. No member of the club will be admitted free without membership card. Tickets for reserved seats are on sale at the Brunswick Shoppe, next to the Glendale theatre.

THAT'S ALL

Married Life—Here
Pitching Horseshoes
Your Auto an Asset
What Part Will You Play?

By Gil A. Cowan

CALIFORNIA married life is vindicated! More than half of the divorce cases filed in Los Angeles county are based on action outside of the state.

That in itself says a great deal, because people have looked upon the southland as a place to come and lose their love.

Of the remaining half who are divorced here it is a safe bet that 90 per cent result from too high climbing on the social ladder or rapid rise in the film firmament.

The great majority of people who live in Glendale and Los Angeles and the rest of this wonderful habitat for humans known as Southern California are satisfied, yes, happy, to get along.

Happy people, however, don't attract as much publicity as others.

Horseshoes have been hurled to a successful conclusion at the state tournament held here at the high school grounds last week.

The simple fact that these were championship contests is nothing compared to the incomprehensible statement that young and old scored almost equally as well.

A boy of 17 and a man of 63 were opponents; a youth of 20 pitched against a 56-year-old contender. For horseshoe pitching is one sport that every age can enjoy.

Twenty years ago the sight of an automobile was unusual and the commercial motor car was practically unknown in the west. Horse-drawn vehicles were the vogue; people were prone to live in apartment houses, close to car lines, or near railroad stations. However, the coming of the gasoline motor driven carriage brought about a change that today is not perceptible, yet true. How many people would be living in Glendale were it not for the motor cars? How many people would be living in Southern California?

How many people would be enjoying themselves in the mountains, at the beaches, or any place where a motor car may travel? Yes, there might be a few who would charter special trains like the Los Angeles people did in the old days to come out to Verdugo Park.

But that seems like child's play in view of the variety of entertainment offered by the automobile. For business and pleasure a machine is one of the greatest assets anyone can find.

Now that Thanksgiving is past, insofar as the day is concerned, may Glendale builders get busy and prepare for a day of greater Thanksgiving in 1922.

This city has only started. Its growth in the next year or two should be more phenomenal than that of the last two years. What part will you play in making it so?

RIGHT LIVING AND RIGHT THINKING IS PICTURE THEME

Edith Roberts Is Featured in Story Taken From Noted Book, 'Open Shutters'

There are few sermons preached that carry as vital and comforting a message as that contained in "Opened Shutters," a Universal photo drama starring Edith Roberts which was shown here last night at the Glendale Theatre.

The story is entirely different from any in which Miss Roberts has been seen of late and shows the delightful versatility of this star. But it is chiefly remarkable for its lessons of right thinking and right living, and its wholesome philosophy of life. But no one must imagine that "Opened Shutters" is a sermon or a preachment. It is primarily an entertainment—and a good one—but no one can sit through this picture without benefitting mentally and morally.

Taken From Popular Book

"Opened Shutters" is taken from Clara Louise Burnham's well known book of the same title and concerns itself with a little orphan who has gained the disapproval of her stern New England relatives for no other reason than the fact that her mother and father had married without their consent. Therefore, when the girl, Sylvia, comes to them for a home after her parents have passed away, she meets a cold welcome, which spoils all her cherished dreams. Kind fate, however, brings her in contact with "Thinkright" Johnson, a venerable fisherman on the coast of Maine, who gives her a new outlook on life, helps her through many adventures and finally helps her to achieve real love and happiness.

Skyscrapers are the playthings of Harold Lloyd, the comedy king, in "Never Weaken," his newest release, which is on the same bill, continuing today.

To Beautify Occidental

A committee of Eagle Rock citizens met on Monday evening to formulate plans whereby the people of the valley might co-operate with Occidental college in the beautifying of the campus. Included in the plans is an out-of-door theatre, walled about with the everlasting hills, set with shrubbery columned by trees, arched over by the blue of the sky.

Shoots Sleeping Bobcat

While Ted Winebrenner of San Fernando was hunting recently near the Chatsworth hills he came upon an immense bobcat lying asleep at the side of the road. It was within 100 feet of Mr. Winebrenner and taking good aim he dispatched him, while the cat was still asleep.

ready being discussed and plans are being made to take care of a large number of entries and visitors.

At the conclusion of the tournament Saturday afternoon Secretary Krinball, in a short speech, expressed the appreciation of the state officials and thanked the members of the Glendale Horseshoe club for its hospitality and co-operation.

The following scores were made at the tournament: Fifty-point walking game for state championship, first prize, $25 cup and $20 cash, won by W. R. Bradfield, score, 15 straight games, 750 points, 328 ringers and 61 double ringers. ELDER A. G. DANIELLS, CONFERENCE HEAD, SPEAKER HERE

Official From Washington Is Glendale Visitor; Gives Address Sunday Night

Elder A. G. Daniells, president of the general conference of the Seventh-day Adventist church with offices at Washington, D. C., is a visitor this week at the Pacific Union Conference headquarters. He addressed a large audience last night at the church, corner Isabel and California streets.

His subject was the victorious Christian life which he proved should be the experience of every believer. "For whatsoever is born of God overcometh the world, and this is the victory that overcometh the world even our faith. Who is he that overcometh the world, but he that believeth that Jesus is the Son of God?" 1 John 5:4, 5.

"God's purpose," said Elder Daniells, "is that none should fail nor suffer defeat in any of life's trials and difficulties. Anywhere, any time and any circumstance should mark victory and cheer. Anything short of this is an aim too low. 'Now thanks be unto God which always causeth us to triumph in Christ and maketh manifest the savor of his knowledge by us in every place.' 2 Cor. 2:14.

No Impossible Tasks

"There are no impossible tasks, nor duties when one is joined to Christ, the fountain of life. None of the difficulties of life will move the Christian for he is anchored in Christ."

Elder Daniells cited the example of Paul who said, "I have fought a good fight (not a losing fight) and I have finished my course. I have kept the faith."

"This same grand ending to a glorious hope is open to every one. But unlike Peter, who took his eyes off the Saviour when walking on the sea and began to sink, one must keep his eyes fixed upon the source of strength," said the speaker.

"But there is something for each one to do in exercising faith and hope. As God spoke to Joshua, so He speaks to you today: 'Be strong and of a good courage; be strong and very courageous. Turn not to the right nor to the left that thou mayest prosper (do wisely) whithersoever thou goest. Be not afraid, neither be thou dismayed for the Lord thy God is with thee, whithersoever thou goest.'" Joshua 1:6, 7, 9. One who is following Christ must keep out of the bypaths of sin and follow as Jesus trod, then the promise will be fulfilled.

"Many times difficulties may seem unsurmountable but through faith impossibilities change to realities."

Millionaire Kills Self

DELMONTE, Nov. 28—A revolver clutched in his hand, C. Frederick Kohl, San Francisco millionaire, was found dead in his room at the Hotel Delmonte here after hotel attaches had heard a shot in the room.

Kohl had been in ill-health for some time and it is understood had been subjected to great worry recently by a report that Adele Verge, a maid in the employ of the Kohls, who shot him about ten years ago, had gained freedom from a French asylum and returned to this country.

Coroner Oliver Cornett took charge of the body and started an immediate investigation. He found no note of explanation to account for the tragedy.

He was last seen by a waiter who served him breakfast, the coroner was informed. He noticed nothing unusual in Kohl's demeanor.

HOME LAST RELIC OF PARADISE, SO PASTOR SAYS

Homelife Is Safest Index to Moral Condition of People, States Speaker

"The home is the last relic of paradise," declared Rev. Clifford A. Cole yesterday morning at the Christian church.

"The longer I live, the more I see of sorrow and of the successes and failures of life, the more I am impressed that the home problem is the greatest problem of our civilization. The homes of our country are so many streams pouring themselves into the great current of moral, social and political life. If the home life is pure, all is pure. The home is the center of everything. The home life is the safest index of the moral condition of a people.

"Men may build their palaces, amass great fortunes, pile up luxuries and provide for every desire, but if they sit among these things and wait for the staggering footsteps of a drunken son or consider the wayward footsteps of a daughter, happiness flies out of the heart and the home is broken. The normal way to get rid of drunkards, liars, thieves and debauchees is to quit raising them.

Need Home Example

"Brick and marble, stocks and bonds do not make a country. It is the home that gives us our men and women. I am absolutely convinced that neither the law nor the gospel can make a Christian nation nor a manly people without the help of home authority and home example.

"Anarchy is not born in the hay market nor lawlessness in the mob. The question of obedience to law is settled in childhood. The child, who will not obey his father and mother will obey neither social, civil nor divine laws.

"The most dangerous sign of the times is the neglect of home life and the growing disrespect of children for parents. When a six-year-old can stamp his foot and boss the household and bring a father and mother to terms, we've got as good breeding place for disorder, lawlessness and crime as the devil cares to have.

"A woman, who had reared seven noble sons without a black sheep in the fold, was asked how she did it. She replied that she had raised them with 'prayer and hickory.' Two better instruments were never used. I wouldn't encourage brutal punishment of children but when a good example and wholesome authority go hand in hand, obedient and pious children follow.

"The looseness of the marriage bonds and the increase of divorces is appalling, alarming. With the marriage vows so lightly considered, with the ties severed for any trifle, with newspapers featuring them, with the movies flaunting the sacred marriage relation with irreverance and disrespect and with our children growing up under these influences I do not know what to expect. I protest."

vention next year came up for consideration, San Diego being finally selected.

During the afternoon the Santa Barbara Rotary club took the delegates on an automobile tour of the principal places of interest, the trip terminating at the Normal school where talks were heard.

Gives Humorous Monologue

The session Saturday evening was held at the Presbyterian church, the "College Night" program being in charge of college men. Howard Butterfield, one of the local delegates, gave a humorous monologue, telling of his experiences in the late war. Harry Rimmer again addressed the gathering on the topic of "Training Down." At the suggestion of George Jordan, an assessment was made to purchase a gift for Mr. and Mrs. DeLoss Tibbals of Santa Barbara, who were recently married. Mr. Tibbals was one of the workers on the program of the convention.

A session was held Sunday at the high school at which the delegates gave short talks telling of the benefits of the Y. M. C. A. work, after which services at the different churches were in charge of the delegates, Dale Wood having charge of the services at the Christian church. The convention closed with an address by Harry Rimmer whose topic was "The Valley of Decision."

The convention was attended by 351 delegates, the local boys making a big impression with the ribbon badges furnished by the Chamber of Commerce, reading "Hi-Y Glendale, Bungalow City." Glendale was represented by Rex C. Kelley, Y. M. C. A. secretary of Glendale district; Mr. and Mrs. Edwin G. Murphy, Lee Payne, Theodore Haig, Cecil Wilson, Newton McGillis, Niel McIver, Paul Edmonds, Arlin McCormack, Lee Shannon, Leslie Frazee, Robert Hatch, Dale Wood, Phillips Henderson, Maynard Toll, George Jordan, Alton Mattice, Don Cameron, Leslie Lavelle, Harry Bennett, Howard Butterfield.

Delegates from Burbank were: E. B. Thomas, leader; Rex Griswold, Ralph Kriske, Robert Burnett and Sibble Sly.

MALICIOUS REPORT IS GIVEN DENIAL BY FATHER O'NEILL

'Religious Prejudices' Topic of Sermon Delivered by Pastor on Sunday

"Religious Prejudices" was the topic of the Rev. Father James S. O'Neill's sermon yesterday morning at the Holy Family church.

The cold-blooded murder of four Catholic priests recently in different parts of the United States was attributed by Father O'Neill to a spirit of hatred developing in different parts of the country and the spreading of false and malicious propaganda against the Catholic church by bigoted and intolerant folk.

A malicious report has gone forth that a recent funeral was halted at the Holy Family church, according to Father O'Neill, until relatives could get together a stipulated sum of money for the services. He denounces this report as the blackest slander, and says that the sole cause for the delay in the funeral was the tardiness of some of the mourners who had come from considerable distance.

Spirit of Bigotry

"It seems inconceivable in this day when the world is striving to bring to a reality the brotherhood of man that the spirit of bigotry should be among us," stated Father O'Neill, yesterday. "The dissemination of this insidious propaganda, without semblance of truth to sustain it, is going on steadily here. It is time fair-minded people of whatever creed demanded proof of the charges.

"Many instances of the bearing of false witness against the church in general and the Holy Family church in particular could be cited. Those who know the Catholic church are aware that such stories are false. Those, who do not, may believe them. Fair-minded people would believe no such stories without proof, but there are some, who are not fair-minded, and they provide fertile soil for the seeds sown by the false and malicious propagandists.

"The Catholic church needs no defense and I am offering none. Fair-minded people know that if the church were guilty of but a small fraction of the offenses charged to it by bigots of the world, as well as here in our own midst, she could not have survived the ages and grown steadily in numbers and spiritual power with the passing of each year."

Prejudice Against Glasses---

¶ Persons are often prejudiced against glasses and sometimes positively refuse to wear them even when they know they are imperatively needed.

¶ But a contest with age or wrong vision is useless, and it is but the part of wisdom to yield gracefully to the first signs of impaired vision.

¶ We are prepared to give you advice on this matter—correct advice, time-saving, sight-saving advice.

¶ Properly equipped as we are, for making thorough and intelligent examination of your eyes, we can assure you of satisfaction if you need glasses. If not—we frankly tell you—as our specialty is the thorough examination of eyes.

¶ Feel free to call on us for any minor adjustment of your glasses. We'll be glad to serve you.

CHRISTIAN YEAR IS SERMON TOPIC BY DR. H. C. FUNK

Things That Have to Do With Soul Greater Than Those of World, Says Pastor

Yesterday was New Year's day—for the Christian year, according to Dr. H. C. Funk, pastor of the Lutheran church, who said in Sunday's sermon that the beginning of the church year came before the commencement of the civil year "because the things which have to do with the eternal welfare of the soul are of greater importance than the kingdoms of this world."

He quoted, as appropriate for the occasion, the passages from scripture: "Seek ye first the kingdom of God and His righteousness" and "Lay not up for yourselves treasures on earth where moth and rust doth corrupt and where thieves break through and steal, but lay up for yourselves treasures in heaven."

"The Christian year, like the civil year," declared Rev. Funk, "has its special seasons. The three greatest events that we celebrate are Christmas, Easter and Pentecost.

A Symbol of Peace

"Never was such honor and genuine enthusiasm bestowed upon another," declared Rev. Funk commenting upon Christ's triumphal ride into Jerusalem. "The whole city was moved and the multitude spread their garments in the way. Even the children in the temple joined in the acclaim.

"Hod did He come? Riding in a chariot? No, but on a colt, the foal of an ass. The horse is a symbol of war, but the mule is the symbol of peace.

"On that day the King of Glory entered Jerusalem in triumph but He is also coming to us, through the Word and Sacraments."

CROSS BORNE BUT MOMENT, CROWN WORN FOREVER

Suffering of Christians Is Topic of Sermon Sunday by Rev. H. G. Preston

"The sufferings of Christians often seem more severe than those of sinners," declared Rev. Harley G. Preston at the Pacific Avenue Methodist church yesterday morning.

"But Paul, with his heavy sorrows, speaks of them as light. No affliction could well be heavier than his and yet it was light. So is the believer's affliction when he considers how small a portion of his life it has to be borne. When I say life, I include eternity. Eternity makes time short. Our troubles are like Pharoah's horsemen: they cannot pass the Red Sea of death.

"Our cross is borne but for a moment, our crown forever. In our times of suffering only brief moments bring unbearable pain. And often the worst pain is least remembered.

Does Death End All?

"True thoughts of heaven prevent exaggerated views of earthly sorrows. Is there a future life after death? Is there a heaven of bliss and happiness for the faithful? How do you feel about it? How many people want to believe there is no future existence, that death ends all?

"You do not so believe. You believe that you have a spirit and that spirit will live after the body crumbles away. There is in us a moral demand that we live eternally. And God never created a moral demand that he will not supply. If we were not to live forever, we would not have that strong demand and desire to live eternally.

"Home means a great deal. Sometimes when weary you may feel like asking the Lord the question, 'When am I going home?' But like the boys who were kept over seas for months until the decision of a higher power, so a higher power may keep you on duty for many years to come. Let's be faithful until our summons comes. We might as well be content with our lot and obey orders.

Honorably Discharged

"Now and then some one would get in a hurry to leave the army and desert and thereby forfeit an honorable discharge.

"So in Christ's service we will be honorably discharged when our time comes and there is no way of being honorably released until that time comes.

"Don't let the affairs of this life get too heavy a hold upon you."

CHRISTMAS BUYING ALREADY STARTED; BUY AT HOME!

Glendale Merchants Prepared to Take Care of Demands; Prices Here Reasonable

Christmas season in Glendale stores now is in full swing.

Shoppers Saturday afternoon and evening literally "rushed" the clerks and this morning found merchants taking inventory on depleted stocks in order that they may maintain a supply of goods sufficient for the holiday trade.

In California it is advisable to buy early, for gifts that are to be mailed east should go forth within the next week or ten days. Then, too, early Christmas shopping makes it possible for merchants to meet the demands of a fickle public.

This year, as never before, practically everything in the way of holiday goods is to be found on the commodious counters, cases or shelves of larger stores. It is an evidence that Glendale is growing when almost every need is met.

Christmas Suggestions

From now until Christmas the advertising columns of The Glendale Evening News will radiate with Christmas shopping suggestions and it will pay the populace of this thriving city to heed the call of their "home town" merchants.

Patrons of local stores will find more ready accommodation, reasonable prices, considerate treatment and that friendly feeling in trading with people whom they know as residents of Glendale. Make out your Christmas list and see how much you can buy at home before thinking of going elsewhere.

DISCOVER ANCIENT PALACE

LONDON—The remains of an old Roman road, portions of a big palace and beautiful mosaics have been discovered by chance at Alexandria by workmen engaged in digging the foundations of a new building. Experts declare the ruins to be of the Ptolemite period (about 2,000 B. C.) and believe them to be probably the site of a royal palace.

Progressive San Fernando Valley Ranchers Plan Field Meet Near Van Nuys

During the past two months field meetings of ranchers have been of almost daily occurrence in the northern part of the state and it is planned to hold a similar field meet in the San Fernando Valley.

Leading ranching committees, realizing that they have individual problems to solve which they must solve for themselves, have formed community field gatherings where the most practicable tillage methods for that particular locality have been studied and decided upon.

The northern ranchers have accomplished wonders and added profits by making a study of their problems in a practical manner and it is already an established fact that the California ranchers and orchardists stand head and shoulders over their eastern brothers in the use of power farm machinery.

At the field meet to be held next Wednesday, November 30, from 10 a. m. to 4 p. m., at Max Pfaffinger's ranch, corner Sherman Way and Woodley avenue, two and one-half miles west of Van Nuys, the ranchers will see a special operation of the Holt Manufacturing Company's new small size caterpillar tractor. Not enough machines of this new model were completed in time to take part in the tractor demonstration at the late San Fernando Valley Fair, and many of the ranchers and orchardists of the valley who were disappointed in not seeing this revolutionizing tractor at work, have arranged for the firms that are represented in the "Better Farming Tours" to spend Wednesday, November 30, with the valley ranchers.

These firms include the Holt Mfg. Co., the Killefer Mfg. Co., and the Dixon & Griswold Co. The new Holt one-man caterpillar tractor can be operated at a nominal expense of fuel and lubrication. It is an entirely new design that has been built to meet the peculiar requirements of the California rancher and orchardist.

This is the first season for the small caterpillar, and it already has engaged the favorable attention of many progressive ranchers who are seeking economy in operation, coupled with the utmost service

The new tractor will be seen operating the Killefer Mfg. Co.'s deep tillage tools; the sub-soiler, cultivator and disc harrow, for the benefit of the rancher, and Dixon & Griswold's La Crosse Orchard Disc and Mold Board Plows for the benefit of the orchardist.

The H. G. Pendell Co., of Los Angeles, will transport the tractors and implements to the valley in a Denby Truck and two trailers.

The ranchers from all parts of the valley are invited to be present and participate in the big ranchers' field meet near Van Nuys.—Advertisement.

'Twill satisfy, so you'll not feel
The least bit hungry 'til next meal.

Again, if This Food you should use
'Twill help to drive away the blues,
If one good meal you eat each day,
The cause of blues will pass away,
You will not go 'round looking sad
Because your indigestion's bad,
For stomach trouble will all go
When Milo Wheat you learn to know.

'WINNING THE RACE' SERMON SUBJECT BY DR. CRIST

Pastor of First Methodist Church Gives Inspiring Talk Sunday Morning

A large audience was present at the First Methodist church yesterday morning. The pastor, Dr. C. M. Crist, preached an inspiring and practical sermon on the subject, "Winning the Race." Paul's first epistle to the Corinthian church, 9:24-27, furnished the scripture text: "Know ye not that they which run in a race run all, but one receiveth the prize. So run that ye may obtain, and every man that striveth for the mastery is temperate in all things. Now they do it to obtain a corruptible crown; but we an incorruptible. I therefore so run not so uncertainly. But I keep under my body, lest that by any means, when I have preached to others I, myself, should be a castaway."

"We, too, often fail along the Christian life," said Dr. Crist, "because of a lack of perception of life's plan. We fail to appreciate God's abundant provision for our own comfort and pleasure. We dishonor God by being so easily satisfied and are content to live as the hymn describes, 'And shall we even live at this poor dying rate?'

"It is a great mistake to think that we cannot live on the victory side of life. There is no scriptural warrant for that idea. The Psalmist had the correct idea, 'Thou hast brought us out to a large place.'

"We have emphasized entirely too much the negative side, the shall nots and failed to properly value the joys of the Christian life.

Pleased by Comforts

"The more comfort and pleasure we get the better is God pleased. Jesus said, 'These things have I spoken unto you that my joy might remain in you and that your joy might be full.'

"There is a need for a higher aspiration, a holy ambition. Put first things first; seek ye first the kingdom of Heaven; not to defer Heaven's joys and conditions to some future time. God's promises are bountiful. 'No good thing will I withhold from them that walk uprightly. The meek shall inherit the earth. Fear not little flock, it is your father's good pleasure to give you the kingdom.' Let us lift up our heads; not captives, but victors. Channels of blessing, joyful in service—only so do we get the greatest blessing. For there is no blessing or place in God's church for the lazy man.

All Must Work

"We never get anywhere in any line without work. God puts in and we must work out. Another trait essential to winning the race is aggressiveness, eager to do; not driven. God has sent us out to be messengers and in a sense saviors to a crushed and dying world. Said Christ: 'As my father has sent me, so send I you.' The man who knows that he can do is the man that succeeds. Give neither ear nor time to suggestions of discouragements and failures.

"Be generous; the selfish life is a failure at the start; generosity is a trait of greatness in individuals and nations. And never a greater need of this virtue than today. Jesus is saying to us as we extend sympathy and help, 'Inasmuch as you do it unto the least of these, you do it unto me.'

"God is pained at present day conditions. We need more open hearted giving, a better recognition of the tithes. That one-tenth of our income belongs to the Lord. As a college boy, I read these words upon a banner at a great convention: 'What are you doing with God's tenth?' and I have never forgotten their meaning, and lastly, we need an increased genuine spirituality. God has an ample supply, which is ours for the asking and receiving. With all these doors of opportunity open before us God forbid that any of us should be laggers. It is God's purpose that all should be winners."

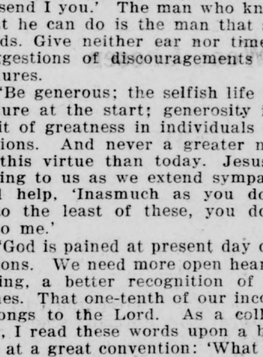
Yeast Vitamon Tablets Greatest Complexion Secret

Banishes Skin Eruptions, Puts On Firm Flesh.



Of What Use Are Beautiful Features if You Have an Ugly Skin, Flabby Flesh, Hollow Cheeks or a Scrawny Neck? Mastin's VITAMON Tablets are Positively Guaranteed to Give You New Health, Beauty and a More Rounded Face and Figure.

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent. better, simply try taking two of Mastin's tiny yeast VITAMON Tablets with each meal and watch results. Mastin's VITAMON Tablets contain highly concentrated yeast-vitamines as well as the two other still more important vitamines (Fat Soluble A and Water Soluble C). They positively will not upset the stomach or cause gas but, on the contrary, are a great aid to digestion, to overcome constipation and as a general conditioner of the whole system. Pimples, boils and skin eruptions seem to vanish like magic under their purifying influence, the complexion becomes fresh and beautiful, the cheeks rosy instead of pale, the lips red instead of colorless, the eyes bright instead of dull. So rapid and amazing are the results that success is absolutely guaranteed or the trial costs you nothing. Be sure to remember the name—Mastin's VI-TA-MON—the original and genuine yeast-vitamine tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.

Cats, All Kinds, Will Be Exhibited at Championship Show to Help Fund for Christmas Cheer for Disabled Veterans of World War

Young cats, old cats, rich cats, poor cats, useful cats, ornamental cats, plain cats, tabby cats, aristocratic Persian cats, humble backfence serenaders, in fact all sorts of cats will be among the entries exhibited tomorrow, Tuesday, November 29, at the big second annual championship cat show of Glendale, to be given under the auspices of the Glendale Cat club, of which Fred Hendrickson is president.

Two judges, Mrs. N. Tomlin, cat fancier of New York City, and Mrs. Walter Ross of Glendale will pass on the merits and demerits of the "pussies," dispensing ribbons, medals and silver cups to the winners.

About ninety entries have been received thus far, and the show committee predict that the exhibit will compare most favorably with the eastern shows. Miss Grim, Glendale 2100M, is in charge of the entries.

Many well-known Glendale people are exhibiting their pets in this show. The accompanying picture is of Verdugo Northern Silver Lion, a valuable English silver cat owned by Dr. L. W. Ashcroft of Melrose avenue, North Glendale. Lion has an unusual record, having gone through ten shows without defeat.

The proceeds of the show, which will be held November 29 and 30 at the former Knights of Pythias hall at 138-140 North Brand Boulevard, will be donated to the Christmas fund for disabled world war veterans.

LOTS OF ACTION IN WILLIAM S. HART FEATURE FILM

'Three Word Brand' Picture Is Given Last Time Today, T D & L. Screen

A western photoplay that is as full of action as the conventional egg is of meat, is William S. Hart's new Paramount picture, "Three Word Brand," that will be featured at the T. D. & L. theatre for the last times today.

From the opening scenes when Ben Trego, after placing his twin sons in safety, blows himself into fragments by igniting a keg of gunpowder to escape a band of savages that had caught him in a trap, to the final fade out when he holds the girl of his heart in his arms, there isn't a wearisome moment. Mr. Hart plays three roles. Jane Novak is his leading woman.

"Salvation Nell" Tomorrow

Pauline Starke, a gifted portrayer of strong emotional parts, has the leading feminine role in "Salvation Nell," which comes to the T. D. & L. theatre Tuesday. In the screen version of this famous Edward Sheldon play Miss Starke is to be seen as the courageous little Salvation Army lass who lifts the man of her heart out of the slums of New York and makes him go straight. It is a story of romance and pathos, and the screen is said to have made of it a most extraordinary piece of entertainment.

THREE DEAD IN CYCLONE

POPLAR BLUFF, Mo., Nov. 22.—Three persons were killed when a cyclone demolished the home of L. M. Chaffin, five miles from here. The bodies of Mrs. Chaffin, a son and a daughter were recovered from the debris.

Radiography Is Aided by Scientific Discovery

LONDON—An important scientific discovery, making it possible for surgeons to obtain more accurate location of foreign objects in the human body than is at present attainable, was disclosed at the annual exhibition of the Royal Photographic society.

The discovery, the outcome of researches carried out by the society, will, it is stated, take radiography to a much higher scientific plane than has hitherto been possible. The new process, it is claimed, will enable operators to take a photograph of the growth, showing not only what it is but also its exact location, depth and position.

It is also claimed that the new process will considerably reduce the risk of X-rays dermatitis, which has ended fatally in the case of more than a dozen research pioneers, and at the same time permit a larger number of exposures to be taken without inconveniencing the patient.

Another recent discovery which was shown at the exhibition was in connection with autochrome photography, making it possible to take colored pictures.

General Invitation Is Given to Harrower Laboratory Tonight

All members of the Chamber of Commerce are invited to attend the opening of the Harrower laboratory building at Belmont street and Broadway tonight. Of course, Dr. Henry R. Harrower has sent out invitations to a large number of his friends, but it would have been impractical to personally invite all, so a general "bid you welcome" is given through James M. Rhoades, secretary of the chamber.
